### **DETAILED ACTION**

This office action is a response to the amendment filed on 1/21/2005.

#### ***Allowable Subject Matter***

1. The following is an examiner's statement of reasons for allowance: Upon further consideration with applicant's arguments, examiner agrees with the applicant's counsel that the prior art of record of Dubrovskiy et al. fail to disclose the claimed invention such as a process for dispensing a non-abrasive liquid between the air bearing surface and the lapping plate so that the air bearing surface is lapped solely by the grooves in the lapping plate. Dubrovskiy et al. teach a process for applying no abrasive particles initially and then dispensing abrasive particles including diamond particles on the lapping plate to lap the slider ABS. It is not obvious taken alone or in combination of other references fairly to suggest the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Claims 1-5 are allowed.
